INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Greensboro City Directory since 1903), present to subscribers and the general public, this, the 1957 edition of the Greensboro City Directory, which also includes Bessemer Sanitary District, Dogwood Forest, Garden Homes, Guilford College, Guilford Homes and Lawndale Homes.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Greensboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department, followed by a separate section for Guilford College.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro and vicinity.

The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

1A The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GREENSBORO

ONE OF THE SOUTH'S IMPORTANT DISTRIBUTION CENTERS
(Courtesy Greensboro Chamber of Commerce)

Monument to Gen. Nathanael Greene, Hero of the Battle of Guilford Court House

Greensboro, located in almost the geographical center of North Carolina, has long been a transportation focal point that in early years contributed much to the city's present size and position.

Because of its central location, Greensboro was placed on the main railroad lines and highways. And when airline facilities were being installed around the country in the 1920's, the city was included in the first north-south mainline service. These transportation facilities and its location were among the more important factors that have made Greensboro natural as an industrial and distribution site, both wholesale and retail.

In its early years, Greensboro became the home of several colleges and is now one of the educational centers of the nation. This, of course, has contributed much to the cultural growth so that the city is a well-rounded, progressive community.

Greensboro, known as "The Insurance Center of the South," is the home of the world's leading textile manufacturers, is a leader in education, and is a location of one of the world's largest cigarette manufacturers, P. Lorillard Co.

General Review

GUILFORD COUNTY—Settled chiefly between 1750 and 1770 by the Ulster Scots, English and Welsh, Quakers and Germans, the county was established in 1771 from parts of Orange and Rowan counties. It was named after the Earl of Guilford. Containing some 624 square miles, Guilford County in 1950 had a population of 191,057.

GREENSBORO—The county seat was chartered in 1808 and named after Gen. Nathanael Greene, American leader in the Battle of Guilford Courthouse. U. S. Census figures show steady growth: 1890-3,317; 1900-10,035; 1910-15,895; 1920-19,861; 1930-53,569; 1940-59,319; and 1950-74,389. The population is 99.9 per cent American-born with Negroes making up twenty-five per cent of the total.

POINTS OF HISTORIC INTEREST—Battleground National Park is located on the site of the Battle of Guilford Courthouse. Here Gen. Greene fought one of the final and significant battles of the Revolution in North Carolina and the losses Cornwallis suffered contributed in large part to his surrender at Yorktown several months later. Maintained as a national park, the site has a historical museum and many monuments, including Gen. Greene, Winston, Caldwell, and the famous "giant," Peter Francisco.

O. Henry, one of the most famous writers of this country, was born in Greensboro. A bronze tablet on the Masonic Temple identifies his birthplace. O. Henry exhibits are to be found at the Greensboro Public Library and the O. Henry Hotel.

Dolly Madison's Well—This site, identified by a marker near Guilford College, marks the birthplace of the wife of the fourth U. S. president.

The birthplaces of Dr. David and Rachael Caldwell, early educators, are marked by plaques on Friendly Road.

The Greensboro Historical Museum, containing many well-preserved relics from the city's past, is located in the Municipal Center on Church Street.

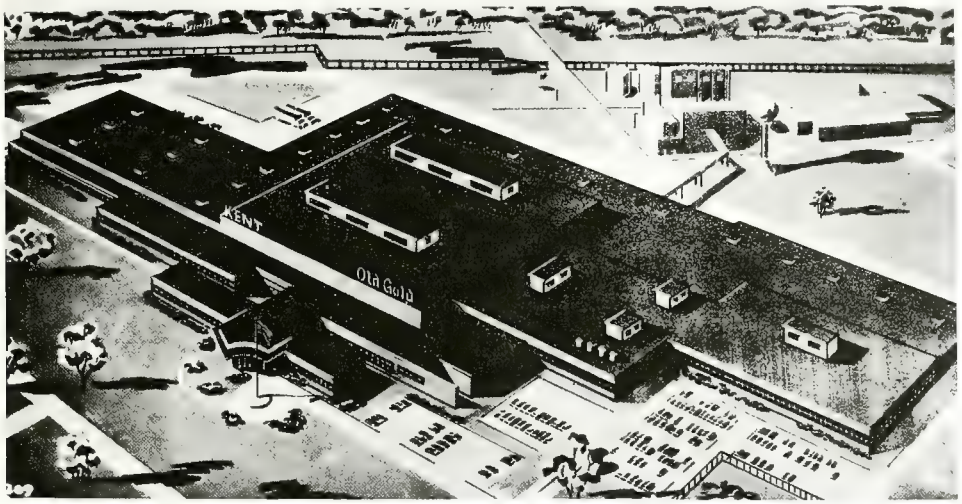
COMMERCE AND TRADE

Greensboro is easily accessible to a 50-mile trade area with a population of about 1,400,000. Retail sales for the area in 1954 totaled $1,267,658,000.

Greensboro is the principal market of the northern Piedmont section of the State. There are some 1,500 retail, service and professional outlets and nearly 2,000 salesmen and agents who distribute a wide variety of merchandise of a much larger territory.

The home offices of several large insurance companies, plus territorial and general agencies of many national firms, have given the city its title of the "Insurance Center of the South."

Although not the largest tobacco market in the Old Belt, Greensboro's market is growing the most rapidly of any in the section. Reactivated in 1949 after twenty-five years of inactivity, the market has increased its sales faster than any other in the Old Belt. This growth is due mainly to the excellent management and Greensboro's location in the center of one of the nation's finest tobacco-growing areas.



Annual sales since 1949 have been: 1949-1,935,084 pounds; 1950-3,102,664 pounds; 1951-5,894,950 pounds; 1952-8,681,812 pounds; 1953-5,577,000; 1954-9,060,534; 1955-10,119,850 pounds; 1956-10,336,750 pounds.

GOVERNMENT

Greensboro is administered by a non-partisan council of seven members elected at large who employ a full-time city manager, an office now held by Gen. James R. Townsend.

Good management of the city is reflected in nationally-recognized superiority in public health administration, reduction of fire losses and low insurance rates, salability of municipal bonds, efficient police protection, well-paved streets, and modern sewage and sanitation facilities. These and other evidences of good government have given Greensboro an atmosphere of enterprise and bell-being.

Administering the affairs of Guilford County is a commission of five members elected at large. With its county manager, it is generally regarded as one of the best managed counties in the State, and is frequently pointed out as a model by the N. C. Institute of Government.

P. Lorillard Co.

TRANSPORTATION

Regular daily schedules include: 20 passenger trains, 158 busses, 34 airline flights, 11 freight trains, and 13 package cars.

Greensboro is the center of rail, highway, and air transportation of the northern Piedmont. It is served by the main line of Southern Railway (double track) that runs north and south. Here also is the east-west line of the N. C. Railroad (southern operated), and the Southern Railway lines: Greensboro to Winston-Salem and Mt. Airy to Sanford and points beyond.

Modern union passenger, mail, and express terminals are maintained with free pick-up and store delivery on LCL shipments. The Railway Express Agency has express service on practically all passenger trains. This makes available passenger train express service at railroad freight rates to all points in the State and to a large portion of Georgia, South Carolina, Tennessee, Virginia, and part of West Virginia.

More than 2,500 miles of hardsurfaced highways within a radius of fifty miles provide a means of easy access to Greensboro for the 175,000 automobile owners in the area.

Standard bus lines travel in eight directions to connect all principal cities. Atlantic Greyhound, Carolina Coach, and others operate under State regulations and clear through a union terminal.

The Greensboro-High Point Airport, a pioneer in the Southeast, serves the two Guilford County cities. The airport is on Eastern Airlines' main line and is also served by Capital Airlines and Piedmont Airlines. In addition to paved runways, the airport also has a weather bureau, hangars, restaurant, and complete radio equipment.

Greensboro also has a large number of trucking companies with excellent warehouse facilities. The companies operate large fleets in all directions which adds further to the city's transportation facilities. This, and the density of population, make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

RECREATION

Few sections offer greater opportunity for year-round living out-doors or more varied recreational advantages. The extent to which people in all walks of life participate in outdoor activities has a distinct influence on community health and well-being. Greensboro has won repeatedly national recognition in municipal health contests.

The World War Memorial and Senior High School stadia provide settings for football games, day and night baseball, inter-state track meets, tennis tournaments, and others.

A city-county park provides three lakes for fishing and boating. A new swimming pool that can accommodate 800 was opened in 1955 in Lindley Park. A recreation center near Jamestown affords a modern swimming pool. Boating and fishing are available at Lake Brandt. Windsor Community Center, a recreational spot for Negroes, is one of the finest in North Carolina.

At Sedgefield, sportsmen ride to the hounds. The countryside abounds in quail and other game and several game preserves are maintained. There are numerous private clubs and camps nearby with hundreds of acres of land and water area.

Sedgefield Inn

Championship eighteen-hole golf courses, municipal and public golf courses, private tennis courts, and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield, and Greensboro. A total of 628 acres is reserved for parks and playgrounds by Greensboro, and a full-time recreational director is employed to promote activity throughout the year.

Pinehurst and Roaring Gap resorts are within two hours' drive, and the city lies between the mountain and seashore resorts.

RELIGIOUS FEATURES

The church has always been a powerful and constructive force in the life of every Guilford County neighborhood. The Quaker Meeting House at New Garden (now Guilford College) was established in 1752 and Old Buffalo Presbyterian Church organized in 1756.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome places of worship. There is a broad religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around neighborhood churches, and urban churches also have highly developed social programs.

SOCIAL and CULTURAL ACTIVITIES

Modern country clubs at High Point, Sedgefield, Starmount, and Greensboro have handsome clubhouses where many social gatherings are held: riding, fox hunting, musical programs, dancing, bridge, tennis, skeet, swimming and others. Each year the Greater Greensboro Open Golf Tournament is held at one of the country clubs with the event scheduled for Sedgefield this spring. This tournament attracts the top golfers in the U. S. and draws galleries of many thousands.

Regular music and lecture courses bring outstanding attractions to the city: concert artists, symphony orchestras, plays, authors, and lecturers. Three auditoria seat 2,700, 1,585 and 1,100 respectively.

The famous "Playliker" organization of Woman's College and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

America's Favorite Investment

There are four good reasons for this:

(1) **SAFETY** Your savings at Home Federal are reinvested in one of two ways—in selected first mortgages on carefully chosen home properties, or in Federal Government securities—safeguarded by sound management and reserves totalling more than $2,000,000.00.

Every savings account up to $10,000.00 is fully insured by the Federal Savings and Loan Insurance Corporation, an agency of the United States Government.

(2) **AVAILABILITY** Funds invested with us are available for withdrawal when needed.

(3) **STABILITY** Your savings account here will give you as good a return as many of the choice securities. Your investment is not subject to the fluctuations of the stock market. Your insured investment is always worth one hundred cents on the dollar.

(4) **GENEROUS RETURN** Home Federal, organized in 1914, always pays the highest possible dividends commensurate with safety.

FOR HOMES

FOR OFFICES

FOR CHURCHES

● Modernize your home, office or business establishment WITHOUT extensive remodeling.

Maybe you'd like to separate living room from dining room with a smart folding door . . . or add an extra guest room. Maybe you want "movable walls" . . . greater room flexibility . . . uncrowded corners and doorways.

The answer is FOLDOOR

FOLDOOR is the all new extensible door that works miracles in any room. FOLDOOR eliminates awkward, old fashioned swing-type doors . . . gives smart, modern appearance while saving space.

Easily installed in new homes or old, FOLDOOR requires no costly remodeling. And FOLDOOR fabrics come in lovely harmonizing colors . . . they're vinyl-coated, fire-resistant and wonderfully washable. FOLDOOR is easily recognized by the attractive cornice on top—an exclusive feature giving it that "finished look." Come in soon and see "the smartest thing in doors"—FOLDOOR.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

▼

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Most People Buy Life Insurance To Provide Income . . .

Jefferson Standard Pays 4%* Interest On Policy Proceeds Left With The Company To Provide Income.

Jefferson Standard's investment record is outstanding in the life insurance industry. Expert management makes every investment dollar yield its greatest safe return. Jefferson Standard's excellent interest return has made it possible to provide greatly increased income dollars to the policyholder or beneficiary.

Mr. 4%
represents the
Jefferson Standard

*The Jefferson Standard guarantees 2½% on funds held for policyholders and beneficiaries. However, the Company has paid 4% or more since it began business in 1907. The above settlement is predicated upon earnings of 4% on funds held in trust.

HERE'S AN ACTUAL CASH COMPARISON

John Blake Thought Of The Future

Mr. Blake died leaving $20,000 life insurance to provide income for his wife. This arrangement provided for a 2½% interest rate on funds held in trust for beneficiaries.

When Blake died, his wife received $100.00 a month from his life insurance.

HERE'S THE DIFFERENCE

At the end of 21 years and 5 months, the payments to Mrs. Blake stopped.

Charles White Thought Of The Future, Too.

Mr. White died leaving $20,000 life insurance, BUT Mr. White's life insurance was with the Jefferson Standard which pays 4% (guarantees 2½%*) on funds held in trust for beneficiaries.

When White died, his wife received $100.00 a month, too, from his life insurance.

At the end of 21 years and 5 months, Mrs. White could look forward to 5 years and 6 months more of $100.00 per month payments. She received $6,600 MORE in all from the Jefferson Standard.

Your Mr. 4% is.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

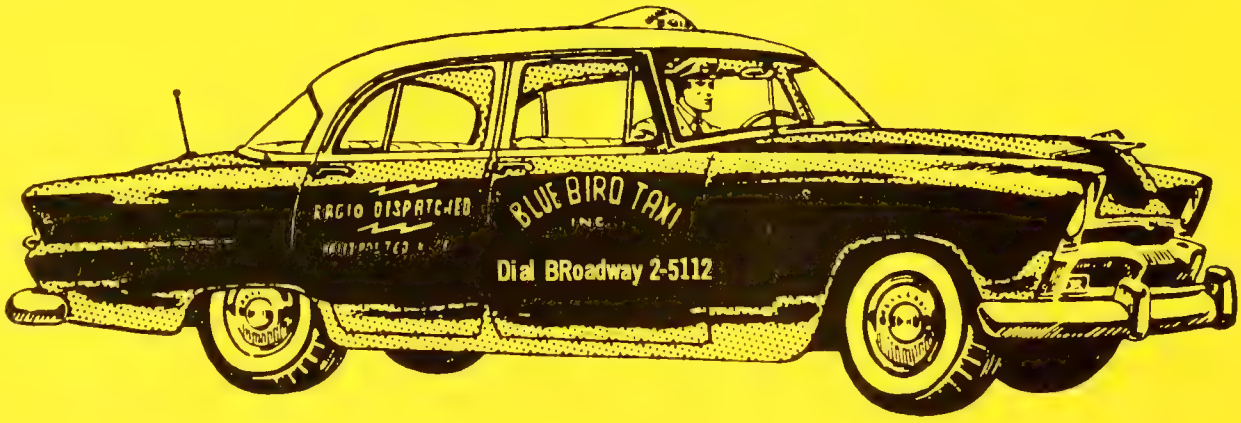
Do your employers furnish you with the latest edition of the City Directory

?



You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is our belief that an advertisement, however meritorious, will slip into the background if not periodically advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recog cognized by all business men It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised
The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist on Being Well Represented in Its Pages
